GLASS PRODUCTION PLANT IN SOUTHERN NEW JERSEY

We keep products moving with nonstop precision.

TRANSPORTATION

Watsonstown Trucking Company provides 24/7 transportation services to move products from a glass manufacturing plant to 5 offsite warehouses. Watsonstown Trucking Company also provides jockey service 24/7 at the plant that helps the customer realize significant cost savings at their shipping docks. 15 drivers, 7 power units and 50 trailers support the continuous movement of products from the plant to off-site warehouses.

WAREHOUSING

Patton Warehousing provides 24/7 warehouse support managing the inventory of 60,000 pallets within 800,000 sq. ft. of storage space. Every order is inventoried in a WMS system and shipped according to the customer's requirements. 25 warehousemen, along with various administrative support, oversee the project.

LOGISTICS

Patton Logistics provides additional capacity through partner carriers at peak shipping periods. In addition, Patton Logistics and Patton Warehousing team up to support additional 3PL services required by the client such as product reselecting, product transfer from bulk packaging to case packaging, quality checks and many other 3PL services.

“”

The Patton team has become an integral part of the efficiency that lets us serve our customers. Your reliability and consistency are key assets to our operation.
